What the State looks for in a Plans Review

Your AFAA-NE Board of Directors are convinced this will be an exciting and informative evening.

Jake has spoken to our membership before and brings a fresh perspective and speaks in an entertaining style.

He is a WPI Graduate and is one of 3 Chief Fire Prevention Engineers working for the Department of Fire Services under the Massachusetts State Fire Marshal's Office.

Jake will be describing for us the process and steps taken by his office to review plans for future Fire Alarm work. He will describe some of the pitfalls to avoid and tell us what absolutely needs to be on the plans to assure a successful review.

All of this begins at 5:30 PM and Ends at 8:30 PM, including Dinner.
